Shiloh MBC Ministry Information Entry From

In an attempt to update the ministry information on our website, we are collecting information from each ministry leader. Please write in as much information about your ministry as possible in the fields below. Once you are done, you can submit the information and someone will review the information and edit it as necessary. Once everything has been verified, then your ministry will have a web page built specifically for it. It will then be posted on the Shiloh website to be accessed by our members and the public.

Once you have filled out this form, please leave it at the Shiloh front office or leave it with Rev. Brown.
